

Online Scams Targeting Seniors in District of Columbia

FBI IC3 2025 Data · Updated May 2026 · seniors.hcsk.org

\$7.6M TOTAL LOSSES 2025 (60+)	94 VICTIMS 2025 (60+)	+527% 5-YEAR GROWTH	\$80,851 AVERAGE LOSS PER VICTIM
---	------------------------------------	----------------------------------	---

District of Columbia ranks **#48 nationally** for total reported elder fraud losses. District of Columbia elder fraud losses have grown **+527%** over five years — well above the national pattern.

Figures reflect adults 60 and over reporting to the FBI Internet Crime Complaint Center across four major scam categories: investment scams, tech-support scams, romance scams, and government impersonation. The FTC estimates that fewer than 5% of fraud victims report to a government entity — true losses are likely 5-15 times the reported figure.

Top Scam Categories Targeting Seniors

- **Investment Scams** — including cryptocurrency and "pig butchering" fraud. The #1 elder fraud category nationally (\$3.42B in 2025).
- **Tech Support Scams** — fake "your computer has a virus" calls, pop-ups, and emails (\$1.07B in 2025).
- **Government Impersonation** — fake IRS, SSA, Medicare, USCIS, or law-enforcement callers (\$428M in 2025).
- **Romance & Confidence Scams** — relationships built online that turn into money requests (\$609M in 2025).

Red Flags That Signal a Scam

- An unsolicited call, text, email, or postcard with urgency ("Act now or your benefits will be suspended.")
- A request for payment by gift card, wire transfer, cryptocurrency, prepaid debit card, or cash by mail
- A demand for your full Social Security number, Medicare number, or bank account information
- A threat of arrest, deportation, or legal action if you don't pay immediately
- A request to keep the contact secret from family, friends, your bank, or law enforcement

What to Do

- **Hang up.** A real agency will not be angry.
- **Pay nothing** in response to an unsolicited contact. No real government office asks for gift cards, wire transfers, or cryptocurrency.
- **Call someone you trust** — a family member, friend, or neighbor — before you send money.
- **Verify directly** by calling the agency at the number on its official website (not the number the caller gave you).
- **If money has already moved,** call your bank immediately — they may be able to recall a wire within 24-72 hours.

Where to Report

DOJ National Elder Fraud Hotline:

1-833-FRAUD-11 (1-833-372-8311) — free, multilingual

FBI Internet Crime Complaint Center:

ic3.gov

Federal Trade Commission:

reportfraud.ftc.gov

Eldercare Locator (Adult Protective Services):

1-800-677-1116 — 200+ language interpreters

District of Columbia Attorney General Consumer Protection:

- A romantic interest you met online who avoids video calls and starts asking for money

Search "District of Columbia Attorney General consumer protection" or call your county sheriff's non-emergency line

Watch for recovery scams. If you have been scammed once, criminal groups will contact you with "recovery services" promising to help recover stolen money — for a fee. **No legitimate organization charges to recover stolen funds.** Every such offer is itself a scam.
